Plant capacity

10,800 tons

annual production estimated

CURRENT STATUS OF THE PROJECT

Stage progress:

- Pre-feasibility
- Feasibility
- Detail engineering
- Construction

The development of the project is progressing in its exploitation stage, it has a main tunnel of 200 meters with 4 levels on the left flank and 4 levels on the right flank.

Environmental License (Corpoboyaca)

- Requested
- Under consideration
- Approved

No. 00LA-0007-03. Environmental license according to CORPOBOYACA resolution 0250/2004.

Works and construction program - PTD (National Mining Agency)

- Submitted
- Under evaluation
- Approved

Registered No. 20201000531052 of June 11, 2020 and No. 2021001100902 of March 26, 2021.

Adherence to initiatives and best practices:

The company has a complete Occupational Health and Safety Management System, and additionally ensures the protection of all its workers with the objective of developing a zero incident policy. Safety is the first objective of the project.

In addition, it develops positive sustainability practices such as photovoltaic cogeneration, electric vehicles and agro-productive programs.

Linked to the technical assistance program - VETA of the National Mining Agency, aimed at promoting small and medium-sized mining companies in an innovative and sustainable way

Main achievements in social management

CMF is the largest employer in influence of the mining project, thus contributing to the quality of life and well-being of the community, which provides food, transportation, and complementary services to the project.

Development of social management activities in coordination with the Municipality and the Community Action Board of the project area, support for carrying out cultural and sports activities and a home for the elderly.

Additional project data : Metallurgical coal with 13,463 BTU/Lb, humidity 3.21%, Max Ash. 12.36%, Sulfur 1.90%, Flying material 28.17%, fixed carbon 57.83%, swelling index 8.

**The mining title is in the process of extension and right of preference with the National Mining Agency.*
