SAN MATIAS

Minerales Cordoba S.A.S.

Operator

Cordoba Minerals Corp.

Investor(s)

III-08021

Mining title

Exploration (Pre-feasibility)

Current stage

LOCATION

Cordoba

Department

Puerto Libertador

Municipality(ies)

Puerto Libertador, San Jose de Ure, Buenavista and Planeta Rica

Municipality(ies) area of influence

Geovisor Anna MINERÍA

MAIN INFORMATION

US\$ 281 million

Global investment

US\$ 12 million

Executed investment

-

Start of construction

-

Start of operations

32 direct, from 290 - 355 in production

Employment

New (greenfield)

Enlargement (brownfield)

Replacement (brownfield)

Reutilization (greenfield)

Type of project

Project of National Interest /
Project of Strategic Regional Interest

Project PNI/PSRI

Intrusive rocks (porphyries included) in Alacrán, Montiel East, and Costa Azul deposits; and volcanic rocks (VMS) in Montiel West and Alacrán deposits.

Type of deposit

Indicated:

Copper: 1,142.7 Mlbs Cu 0.45% Cu;

Gold: 942.9Koz Au 0.26 g/t Au;

Silver: 8.89 Moz Ag 2.42 g/t Ag from 114.3

Mton

Mineral resources (NI 43-101)

Open-pit

Type of mine

23 years

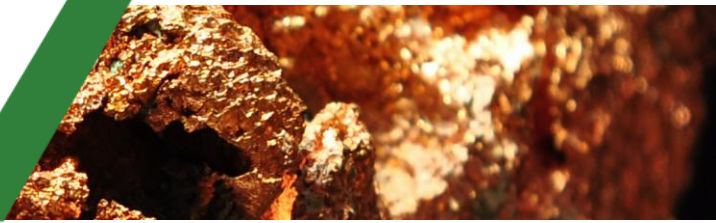

Mine life cycle

8,000 tons per day

Plant capacity

18.1 Kton Cu, 31.5 Koz Au y 257.83 Koz Ag in polymetallic concentrates

Estimated annual production

CURRENT STATUS OF THE PROJECT

Stage progress:

- Pre-feasibility
- Feasibility
- Detail engineering
- Construction

Adherence to initiatives and best practices:

Environmental License (ANLA or CAR)

- Requested
- Under examination
- Approved

The company is preparing the Environmental Impact Assessment (EIA) for the project.

Main achievements in social management

Works and construction program - PTO (National Mining Agency)

- Submitted
- Under examination
- Approved

The company is currently preparing the project's Program of Work and Works (PTO).

Additional project data : *In June 2020, the company closed the purchase of the Alacran deposit and is progressing with pre-feasibility studies for the development of the copper-gold-silver mine. In a press release dated March 31, 2021, the Company announced that the PTO and Environmental Impact Assessment (EIA) remain on schedule. The company expects the PTO to be submitted in the fourth quarter of 2021 and the EIA in the first quarter of 2022.*
